# WAREHOUSING & DISTRIBUTION

Our Strategic location between Kuwait's major ports & international Airport facilitates positive solutions for your warehousing and distribution needs.

The 8,500 square foot facility is air-conditioned with, state of the art racking, smoke detection & sprinkler system. The facility is fully secure with 24/7 guard, which means our clients can have access to their inventories at any time of the day or night.

The facility is supported by a fleet of 10 KTS owned vehicles, with the facility adhering to strict safety policies - all of which meet ISO quality procedures. KTS also facilitates flexible, electronic reporting to our clients.

In addition, KTS has extensive support from sub-contractors within Kuwait – which allows us to assist in the identification and management of additional facilities as our clients require.
